FLORIDA TRUST FOR HISTORIC PRESERVATION

The Florida Trust for Historic Preservation seeks to support historic preservation in communities throughout the state in a way that is scalable, supports communities and protects our invaluable historic assets. Our state has a challenge in accomplishing this work. **Currently, Florida is the only state among our neighbors without a state historic tax credit.** To address this gap in Florida preservation tools, this Alliance will work to implement a statewide historic tax credit and protect this important legislation in the future.

By starting a membership with the Florida Trust at any level, you join our Florida Historic Tax Credit Alliance. We are looking for new members of this Alliance to help make a Florida Historic Tax Credit possible. We have set apart three distinguished professional membership levels to help support our advocacy efforts in 2023 and into the future.

Your membership is so important to our work. We recognize your membership with a thoughtful and intentional array of benefits and privileges, including:
